

Subject: Faculty position in Biology at UMBC

I am contacting you to solicit names for a faculty opening in the Department of Biology at UMBC. The department will interview candidates for a Lecturer position as described in the attached advertisement. We would appreciate it if you would share this information with anyone you think may be interested. The job has been advertised on the Science web site at this URL:

<http://scjobs.sciencemag.org/jobs/default.aspx?job=34853>

Thanks you for your help with this search.

Philip Farabaugh

Professor of Biological Sciences & Search Committee Chair

Lecturer in Cell and Developmental Biology
University of Maryland Baltimore County (UMBC)

The Department of Biological Sciences seeks applications for a position in cell and developmental biology at the Lecturer level. The successful applicant will have a Ph.D. or M.S. degree (Ph.D. preferred) with expertise in cell and developmental biology. The main responsibilities will be first, to design and deliver laboratory courses to biology majors and second, to teach in introductory biology classes.

UMBC is a medium-sized research university with a “doctoral/research university - extensive” Carnegie Classification, in the Baltimore-Washington area. The university emphasizes excellence in education of undergraduate and graduate students, with a strong commitment towards the inclusion of women and students from diverse ethnic backgrounds.

Applicants should submit a cover letter, curriculum vitae, summary of current teaching philosophy and future teaching interests and at least three letters of reference. All materials should be sent, preferably in PDF format, to biosearch@umbc.edu. Review of applications will begin on

February 1, 2009 and continue until the position is filled. UMBC is an AA/EOE. Women and members of ethnic minority groups are strongly encouraged to apply.
