

Subject: [SUMMER-L] 2010 Summer Biology Instructors Wanted at the University of Alaska
Fairbanks

I need help locating instructors for biology courses this summer at the University of Alaska Fairbanks. Specifically the courses are: Anatomy and Physiology primarily for nursing students (8 credits), a lower division microbiology course (4 credits), and the beginning freshman biology course (8 Credits). In addition to salary, transportation and housing will be provided. This is a perfect opportunity for the right faculty to be a part of the midnight sun adventure. For more information, please contact Florie Wilcoxson, Associate Director or myself via email (summer@alaska.edu) or our toll-free number at 866-404-7021. Thank you for your assistance.
